ANNEXURE A

ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES

1. A brief outline of the Company's CSR policy, including overview of projects or programs proposed to be undertaken and a reference to the web-link to the CSR policy and projects or program

Honeywell is committed to building a world that's safer and more secure, more comfortable and energy efficient, more innovative and productive. Accordingly, the Company believes in identifying corporate social responsibility projects that have optimal and sustainable impact on local communities, in the areas where the Company can leverage its strengths.

Honeywell has set up a not-for-profit company in India: Honeywell Hometown Solutions India Foundation to be the vehicle for deployment of its corporate social responsibility efforts in the country.

The Company will initially be responsible for the implementation of projects with a focus on identified areas. The Company will implement these projects either itself or in association with credible third party organizations.

Once the Foundation has received applicable government approvals, the Company will contribute funds to the Foundation, which will then be responsible for the implementation of CSR activities and implement these projects either itself or in association with credible third party organizations.

PERFORMANCE OF KEY FINANCIAL INDICATORS AND HIGHLIGHTS OF 2014-15

INDUSTRY OUTLOOK AND OPPORTUNITIES

Your Company's operating results are significantly influenced by macro-economic trends such as industrial production, capital spending on process and building automation, commercial and infrastructure construction, commodity prices and foreign exchange variations.

In the period 2014-2015, the economy witnessed signs of growth revival and some of the key macroeconomic indicators have started moving in the right direction. GDP has begun to show an increasing trend, inflation has also moderated significantly in large part due to erosion in fuel prices following which RBI has also reduced interest rates. However, we are yet to witness significant activity on the ground that indicates a complete turnaround. While GDP growth has begun to show improvement, investment activity across sectors, particularly in industrial, continued to remain muted with uncertainty in the economy. Bank lending activity to the corporate sector has not significantly increased. The early signs of economic revival along with legislative and regulatory actions taken by the Central Government in 2014 should prove beneficial to the overall industry.

Economic and industry conditions impacting your Company's customers have an impact on your Company's operations. Some of the important market conditions were:

- Slow pace of capital investments continued in most areas that your Process Solutions business operates in.
- In the key commercial sector which is of critical importance to your Building solutions business, continued performance of IT/ITES companies has helped drive growth.
- Inventory in residential sector continues to be high and hence slowing trends witnessed in new launches and pace of construction activity. These trends have impacted your Company's ECC business.
- Manufacturing activity in the core sector is a critical driver for your company's S&C business. While activity in this sector has remained muted for 2014, it remains to be seen whether, several positive drivers including "Make in India" initiatives will help drive favorable trend in the near future.
- While the impact of lowering oil prices has been beneficial to the Indian economy, your company provides services to Honeywell entities located in regions which are oil-producing and processing (North America and Middle East). This impacts your Company's operations negatively by reducing opportunities to serve those markets. However the reasonable stability in FX rates has remained a positive factor for your company's global engineering/manufacturing businesses.

Honeywell Process Solutions (HPS):

HPS' offerings include distributed control systems (DCS), transmitters, programmable logic controllers, emergency shutdown systems (ESD), quality controls systems (QCS), process and business performance improvement solutions and various value added services. HPS business has won several prestigious projects in the last year. Given the vast diversity of products, your company will strive to sustain its performance.

HPS business will need to drive continued focus to prevail over economic environment, slow recovery of growth of industrial production and continued competitive pressures in the market. Opportunities in the green field refining sector are fewer due to uncertainty of investments in oil and natural gas, petrochemicals and fertilizers.

Honeywell Building Solutions (HBS):

HBS provides building solutions that are operationally intelligent and energy efficient. As part of its intelligent buildings suite, HBS provides building management systems (HVAC, lighting and utilities monitoring and control), fire detection and alarm systems, access control systems, video surveillance systems, integrated security systems and integrated building management systems leveraging Honeywell's Enterprise Buildings Integrator[™], i.e., EBI[™]. As part of its operational efficiency promise, HBS provides after market services for all control systems as well as comprehensive utilities operations and maintenance services for all mechanical and electrical systems in buildings. HBS provides energy management services, demand response solution, energy retrofits and energy performance contracts.

The strong results in this business continued during the year. Its track record in Infrastructure, Transportation, IT, Datacenters, Pharmaceutical and Office Space verticals has helped accelerate its presence in Government, Telecommunication and Healthcare verticals in 2014. The highlights of the year were major order wins from many large customers from Transportation, Telecommunications and IT.

Environment and Combustion Control (ECC):

Commercial real estate sector contributes around 2/3rd of ECC business and continued to be the focus. In the current year, the sector drove good increase in revenues and in profitability for the business. This performance is primarily attributable to your company's continuous improvement in sales and marketing strategy for field devices and building management business. Your company continues to strengthen its presence in the residential vertical with a strategic investment in setting up a solar water heater factory in Vadodora. The factory was inaugurated in 2014 and will enable in taking Honeywell brand to Indian homes. Solar water heater business is in its early cycle and your company will strive to drive growth and expand margins in coming years. Combustion business has witnessed some headwinds due to challenging conditions in industrial sectors. Uncertainty in India's gas availability and pricing continues to be the key barrier to the growth of this business.

ECC's effort to utilize synergistic opportunity with Honeywell Electrical Devices & Systems (ED&S), which has similar end markets in commercial and residential verticals, has helped widening portfolio, sharing organization and support infrastructure and expand channel reach.

Sensing and Control (S&C):

With continued sluggishness in core industrial sectors, particularly construction equipment and automotive, S&C revenues were flat for the year. Electromechanical was down year on year, but was offset by modest improvements in electro sensing and test and measurement. Despite the difficult market conditions, your Company remained focused on identifying and winning new business opportunities. During the year under review, S&C secured significant program wins from key customers in transportation.

Your Company will continue to remain focused on verticals such as industrial, transportation, military, aerospace and healthcare. Your Company intends to expand the distribution network, especially for greater coverage of industrial customers. The channel management team that was deployed last year is helping to grow our channel business, is allowing our direct sales team to focus on key account management.

Exports:

Global Services (GS) is engaged with Honeywell entities globally in providing project engineering services, product design solutions, software engineering services, systems manufacturing and staging services. GS drives productivity, cost competitiveness and customer satisfaction delivering project engineering services to global customers. Honeywell Operating System (HOS) continues to be the backbone for GS helping LEAN operations and driving operational efficiencies. Two of the largest GS groups catering to Building and Process Solutions businesses led the way being the first Silver Certified non-manufacturing HOS sites in their respective businesses.

Global Manufacturing (GM) was transitioned to a new location Fulgaon, which is a state of Art manufacturing set up. The new factory of 75000 Sq ft built up space is located outside city limits at Fulgaon Pune, approximately 25 km from the earlier Hadapsar campus. The new location was accredited with HOS Silver Excellence certification in October 2014. In 2014 two

New Product Introductions (NPIs) were launched for global consumption. GM's revenue grew marginally, and margins improved significantly, partly due to favorable exchange rates. Working capital improved significantly due to better inventory planning during 2014. With Honeywell's support and sponsorship, Global manufacturing lines are also supporting Middle East & Europe.

LEADERSHIP AND TALENT:

Your Company continues to invest in human capital as a key enabler of business growth. Talent management and leadership development is an integrated set of processes aligned with business strategy to ensure the company has the right people, organized in right way and motivated to do the best job every day for its customers. It has mature processes like goal management, performance management and structured feedback and development processes. Developing leadership capability in employees is a key expectation from every business leader and the company aggressively promotes internal movements as path to career growth. This is institutionalized through a number of processes that run consistently across the organization. One such process, the Honeywell Management Resource Review (MRR) process continually reviews leadership talent within the organization and proactively plans for succession by assessing the available talent pipeline within the company as also within the larger Honeywell organization globally. This process runs twice a year across businesses and functions. Development plans ensure necessary focus on capability building and skills development for enabling leaders to take up larger roles.

Your Company has adopted a multi tiered framework to build leadership capability and develop the leadership bench. This includes among others the India Leadership Connect (ILC) focused on development of top talent for senior leadership roles, the LEAD programme to build frontline managerial capability and the Supervisory Development program (SDP) to develop supervisory skills and capability. Your Company strives to build functional leadership & talent and implementing initiatives like Emerging Finance Leadership (EFLP), Supply Chain mentoring program, Sales skill building and Sales mentoring program. Your company continues to work towards building systemic enablers to encourage diversity in the organization.

FINANCIALS

Overall net revenue from operations was Rs. 2,404 crore, registering annualized growth of 13%. The domestic segment registered net revenue of Rs. 1,641 crore for 15 month current period vis-à-vis Rs. 1,159 crore in the 12 month previous year. This growth was achieved amidst competitive challenges on pricing. The mix of exports and domestic revenue remained in line with previous year's mix.

Overall net income was Rs. 114 crore. Your Company delivered a return of 4.8% on sales for the year (Previous year: 5.0%).

- Provision for doubtful debts was lower over previous year due to one-time large provision taken in previous year.
- Your Company continued to focus on productivity of its workforce. 13% annualized growth was achieved with 8% growth in headcount.
- Corporate allocations were 3.5% of net sales (Previous year: 3.6%).

Cash flow from operations at Rs. 13 crores, (previous year Rs. 192 crore), reflecting higher investment in working capital on large infrastructure projects for which billing milestones are yet to be reached. Your Company will continue to strive for better working capital performance and positive operating cash flows.

RISKS AND CONCERNS

Your Company generates a large percentage of its sales and profits from its business with the Honeywell International Inc. and its Affiliates, its major shareholder. Sales to Honeywell accounted for approximately 28% and 30% of total net sales in

current and previous years respectively. Your Company's ability to maintain or grow its business with Honeywell depends upon a number of performance factors, including its ability to (i) identify emerging trends and customer requirements and develop product and service offerings superior to those of its competitors, (ii) meet or surpass the price, quality and delivery requirements of Honeywell and its end-customers in a cost-effective and competitive manner, and (iii) develop and retain employees and leaders with the necessary expertise. However, your Company cannot be assured that its level of sales and profits associated with its relationship with Honeywell will continue. Honeywell-specific business considerations (independent of its shareholdings in the Company), including changes in Honeywell's strategies regarding utilization of alternative opportunities available to it to source products and services currently provided by your Company (including from alternative sources which Honeywell may acquire or develop within its own group), may also reduce the level and/or mix of Honeywell's business with the Company. Pricing pressures on sales of goods and services to Honeywell or a reduction in the volume or change in the mix of orders or sales to Honeywell can be expected to have a material adverse impact on the revenues and profits of the Company.

While your Company is diversified in various products, industries and geographies, major macroeconomic indicators are generally soft around investments in the process and construction industries. Your Company is expecting to achieve a fair share and diversification is helping it to manage these trends. While the fundamentals appear to be strong, and infrastructure investments will continue to be resilient, the overall competitive landscape is becoming more and more aggressive. Volatility of foreign exchange rates continues to be a risk due to large exposure to foreign currencies that the Company has on account of imports as well as exports.

INTERNAL CONTROL

Your Company conducts its business with integrity and high standards of ethical behavior and in compliance with the laws and regulations that govern it and its business. Your Company has a well established framework of internal controls in place, supported by policies, guidelines and procedures, including suitable monitoring procedures. In addition to external audit, the financial and operating controls of your Company are reviewed regularly by the Internal Controls and Audit team as per the annual plan approved by the Audit Committee.

All significant audit observations along with corrective actions thereon are tracked for resolution by the Internal Audit and Controls function, and the same is communicated to Audit Committee.

Your Company's Code of Conduct sets out the fundamental standards to be followed by employees in their everyday actions. Your Company also has a robust Integrity and Compliance program where all employees undergo communications and trainings on Code of Conduct to become familiar with expectations from Executive Leadership on behaviors and compliance, legal requirements, avoiding conflicts of interest, providing a healthy and safe work place, safeguarding Company property and information, appropriate use of information technology resources and understanding how to report all and any suspected unethical or illegal conduct, without fear of retaliation.

As discussed in other sections of this Annual Report, during the accounting period ended March 31, 2015 the management became aware of certain instances of incorrect accounting of project costs within the HPS business.

The management is in the process of enhancing internal controls to minimize the risk of such incorrect recording of costs in future. Some of the measures include the following:

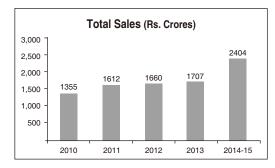

- Additional risk analysis on costing into bidding process;
- Strengthen system controls and leverage reports and analytics; and
- Embed robust operating reviews over project status.

Summary

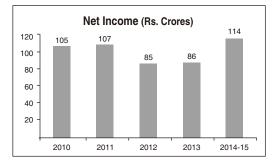

Revenue mix of exports and domestic revenue remained similar to the previous year. Overall revenue registered annualized (Refer Note 1 below) growth of 13%. Your Company experienced net income after exceptional item is 4.8% of Sales, vis-à-vis 5% in previous year. Increased competitive environment in both domestic and exports continue to be a

Management Discussion & Analysis Report (contd.)

challenge which is being addressed through concentrated efforts on operational excellence, driving productivity, and aggressive cost rationalization, thus making it a much leaner company. Your company is continuously driving new productivity initiatives to remain committed to the journey of profitable growth.

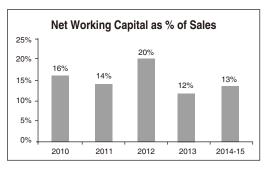

Sales growth was driven by projects businesses (HPS and HBS)

Net income after exceptional item was 4.8% of sales, vis-à-vis 5% in previous year.

Exports sales were 32% of total sales, in line with previous year's mix.

Increased working capital investment driven by investment for large infrastructure projects with billing milestones yet to be reached. (Note: 2015 % is calculated on annualized turnover)

Note 1: Current year 2014-15 is not appropriate comparable to Prior year 2013. Current year 2014-15 represents 15 months period and Prior year 2013 represents 12 month period.

To the Members of Honeywell Automation India Limited

Report on the Financial Statements

 We have audited the accompanying financial statements of Honeywell Automation India Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2015, and the Statement of Profit and Loss for the period January 1, 2014 to March 31, 2015 (the "period") and Cash Flow Statement for the period then ended, and a summary of significant accounting policies and other explanatory information, which we have signed under reference to this report.

Management's Responsibility for the Financial Statements

2. The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 (the "Act") read with the General Circular 15/2013 dated September 13, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

- 3. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
- 4. An audit involves performing procedures to obtain audit evidence, about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Management, as well as evaluating the overall presentation of the financial statements.
- 5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

- 6. In our opinion, and to the best of our information and according to the explanations given to us, the accompanying financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2015;
 - (b) in the case of the Statement of Profit and Loss, of the profit for the period ended on that date; and
 - (c) in the case of the Cash Flow Statement, of the cash flows for the period ended on that date.

Report on Other Legal and Regulatory Requirements

7. As required by 'the Companies (Auditor's Report) Order, 2003', as amended by 'the Companies (Auditor's Report) (Amendment) Order, 2004', issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act (hereinafter referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.

- 8. As required by section 227(3) of the Act, we report that:
 - (a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except that the backup of the books of account and other books and papers maintained in electronic mode has not been maintained on servers physically located in India;
 - (c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this report comply with the Accounting Standards notified under the Companies Act, 1956 read with the General Circular 15/2013 dated September 13, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013;
 - (e) On the basis of written representations received from the directors as on March 31, 2015, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Act or Section 164(2) of the Companies Act, 2013.

Annexure to Independent Auditors' Report

Referred to in paragraph 7 of the Independent Auditors' Report of even date to the members of Honeywell Automation India Limited on the financial statements as of and for the 15 months period ended March 31, 2015

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
 - (b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of five years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the period and no material discrepancies have been noticed on such verification.
 - (c) In our opinion, and according to the information and explanations given to us, a substantial part of fixed assets has not been disposed of by the Company during the period.
- ii. (a) The inventory has been physically verified by the Management during the period. In our opinion, the frequency of verification is reasonable.
 - (b) In our opinion, the procedures of physical verification of inventory followed by the Management are reasonable and adequate in relation to the size of the Company and the nature of its business.
 - (c) On the basis of our examination of the inventory records, in our opinion, the Company is maintaining proper records of inventory. The discrepancies noticed on physical verification of inventory as compared to book records were not material.

Referred to in paragraph 7 of the Independent Auditors' Report of even date to the members of Honeywell Automation India Limited on the financial statements as of and for the 15 months period ended March 31, 2015

- (a) The Company has not granted/taken any loans, secured or unsecured, to/from companies, firms or other parties covered in the register maintained under Section 301 of the Act. Therefore, the provisions of Clause 4(iii)[(b),(c) and (d)/(f) and (g)] of the said Order are not applicable to the Company.
- iv. Except for deficiencies noticed during the year with regard to purchase of inventories and for sale of goods and services in certain projects of the Company following the percentage of completion method for recognition of revenue in accordance with the Accounting Standard (AS) 7 Construction Contracts, as stated in Note 41 to the financial statements, in respect of recording of costs incurred to correct projects, making appropriate estimates of costs to complete such projects and recognizing revenue on such projects under the percentage of completion method of accounting, for which the Management is in the process of taking remedial measures, there is an adequate internal control system commensurate with the size of the Company and the nature of its business for the purchase of inventories and fixed assets and for the sale of goods and services. Further, on the basis of our examination of the books and records of the Company, and according to the information and explanations given to us, we have neither come across nor have been informed of any continuing failure to correct major weaknesses in the aforesaid internal control system.
- v. (a) According to the information and explanations given to us, we are of the opinion that the particulars of all contracts or arrangements that need to be entered into the register maintained under section 301 of the Companies Act, 1956 have been so entered.
 - (b) In our opinion, and according to the information and explanations given to us, the transactions made in pursuance of such contracts or arrangements and exceeding the value of Rupees Five Lakhs in respect of any party during the period have been made at prices which are reasonable having regard to the prevailing market prices at the relevant time.
- vi. The Company has not accepted any deposits from the public within the meaning of Sections 58A and 58AA of the Act and the rules framed there under.
- vii. In our opinion, the Company has an internal audit system commensurate with its size and the nature of its business.
- viii. We have broadly reviewed the books of account maintained by the Company in respect of products where, pursuant to the rules made by the Central Government of India, the maintenance of cost records has been prescribed under clause (d) of sub-section (1) of Section 209 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues, including provident fund, investor education and protection fund, employees' state insurance, income tax, sales tax, wealth tax, service tax, customs duty, excise duty and other material statutory dues, as applicable, with the appropriate authorities.
 - (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of wealth-tax and service-tax which have not been deposited on account of any dispute. The particulars of dues of income tax, sales tax, customs duty and excise duty as at March 31, 2015 which have not been deposited on account of a dispute are as follows:

NOTES FORMING PART OF FINANCIAL STATEMENTS

Note 1 - GENERAL INFORMATION AND STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

Α. **GENERAL INFORMATION:**

Honeywell Automation India Limited (the 'Company') is engaged primarily in the business of Automation & Control systems on turnkey basis and otherwise. The Company is a public limited company and is listed on the Stock Exchange, Mumbai (BSE) and the National Stock Exchange (NSE).

SIGNIFICANT ACCOUNTING POLICIES:

Β. **BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis, except for certain tangible assets which are being carried at revalued amounts. Pursuant to circular 15/2013 dated 13.09.2013 read with circular 08/2014 dated 04.04.2014, till the Standards of Accounting or any addendum thereto are prescribed by Central Government in consultation and recommendation of the National Financial Reporting Authority, the existing Accounting Standards notified under the Companies Act, 1956 shall continue to apply. Consequently, these financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 211(3C) [Companies (Accounting Standards) Rules, 2006, as amended] and other relevant provisions of the Companies Act, 1956.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule VI to the Companies Act, 1956. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current - non current classification of assets and liabilities.

C. **TANGIBLE ASSETS AND DEPRECIATION**

Tangible assets are stated at acquisition cost, net of accumulated depreciation and accumulated impairment losses, if any.

Subsequent expenditures related to an item of fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Items of fixed assets that have been retired from active use and are held for disposal are stated at the lower of their net book value and net realisable value and are shown separately in the financial statements. Any expected loss is recognised immediately in the Statement of Profit and Loss.

Losses arising from the retirement of, and gains or losses arising from disposal of fixed assets which are carried at cost are recognised in the Statement of Profit and Loss.

Depreciation is provided on a pro-rata basis on the straight-line method over the estimated useful lives of the assets or the rates prescribed under Schedule XIV of the Companies Act, 1956, whichever is higher, as follows:

| Class of Assets | Useful Lives |
|-----------------------|--------------|
| Buildings | 30 years |
| Plant and Machinery | 10 years |
| Demo Equipment | 4 years |
| Computers | 3 years |
| Office Equipment | 5 - 6 years |
| Furniture and Fixture | 5 - 10 years |
| Vehicles | 4 - 5 years |
| | |

I la afril I live a

Assets installed in leased premises are depreciated over 4 years representing average life of the lease for such premises.

D. INTANGIBLE ASSETS AND AMORTIZATION

Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful lives. A rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use is considered by the management. The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Statement of Profit and Loss. The amortisation rates used are:

- a) Product distribution rights HSPL are amortized over a period of 10 years.
- b) Software purchased over a period of 3 years.

E. BORROWING COSTS

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

F. IMPAIRMENT

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

G. INVESTMENTS

Investments that are readily realisable and are intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. Current investments are carried at cost or fair value, whichever is lower.

H. INVENTORIES

Inventories are stated at lower of cost and net realisable value. Cost is determined using the technique of standard cost method, which approximates the actual cost using the Moving Weighted Average basis. The cost of finished goods and work in progress comprises design costs, raw materials, direct labour, other direct costs and related production overheads. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

I. REVENUE RECOGNITION

i) Revenue in respect of projects for construction of plants and systems, execution of which is spread over different accounting periods, is recognized on the basis of percentage of completion method in accordance with Accounting Standard 7 – Construction contracts. Percentage of completion is determined by the proportion that contract costs incurred for work done till date bears to the estimated total contract costs. Difference between costs incurred plus recognized profits/less recognized losses and the amount of invoiced sale is disclosed as contracts in progress. Determination of revenues under the percentage of completion method necessarily involves making estimates by the Company, some of which are of a technical nature, concerning where relevant,

the percentage of completion, costs to completion, the expected revenue from the contract and the foreseeable losses to completion. Contractual claims are recognized on raising of the claim. Income from non-contractual claims is recognized only on acceptance of the claim by the customer.

- ii) Revenue from sales of products and services are recognized when significant risks and rewards of ownership of products are passed on to the customer or when the service is provided.
- Revenue from short term software development services includes revenue from time and material and fixed price contracts. Revenue from time and material contracts are recognized as related services are performed. With reference to fixed price contracts, revenue is recognized in accordance with proportionate completion method.

J. OTHER INCOME

Interest: Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend: Dividend income is recognised when the right to receive the dividend is established.

K. FOREIGN CURRENCY TRANSACTIONS

Initial Recognition

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent Recognition

As at the reporting date, non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

All monetary assets and liabilities in foreign currency are restated at the end of accounting period.

Exchange differences on restatement of all other monetary items are recognised in the Statement of Profit and Loss.

Forward Exchange Contracts

The premium or discount arising at the inception of forward exchange contracts entered into to hedge an existing asset/liability, is amortized as expense or income over the life of the contract. Exchange differences on such a contract are recognised in the Statement of Profit and Loss in the reporting period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of such a forward exchange contract are recognised as income or as expense for the period.

Forward exchange contracts outstanding as at the year end on account of firm commitment/highly probable forecast transactions are marked to market and the losses, if any, are recognised in the Statement of Profit and Loss and gains are ignored in accordance with the Announcement of Institute of Chartered Accountants of India on 'Accounting for Derivatives' issued in March 2008.

L. EMPLOYEE BENEFITS

Superannuation fund: Contribution towards superannuation fund for certain employees is made to the Life Insurance Corporation, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

Provident Fund: Provident Fund contributions are made to a Trust administered by the Company. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of the year and any shortfall in the fund size maintained by the Trust set up by the Company is additionally provided for. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Gratuity: The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested

employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Compensated Absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Termination Benefits: Termination benefits in the nature of voluntary retirement benefits are recognised in the Statement of Profit and Loss as and when incurred.

M. TAXATION

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Deferred tax is recognised for all the timing differences, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognised and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. At each Balance Sheet date, the group reassesses unrecognised deferred tax assets, if any.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

N. PROVISIONS AND CONTINGENCIES

Provisions: Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is termed as a contingent liability.

O. LEASES

As a lessee: Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease.

The Company generates a large percentage of its sales and profits from its business with the Honeywell group (Honeywell), its major shareholder. Sales to Honeywell accounted for approximately 28% and 30% of our total net sales in the 15 months ended March 31, 2015 and year ended December 31, 2013 respectively. The Company's ability to maintain or grow its business with Honeywell depends upon a number of performance factors. However, the Company cannot be assured that its level of sales and profits associated with its relationship with Honeywell will continue. Honeywell-specific business considerations (independent of its shareholding in the Company), including changes in Honeywell's strategies regarding utilization of alternate opportunities available to it to source products and services currently provided by the Company (including from alternate sources which Honeywell may acquire or develop within its own group), may also reduce the level and/or mix of Honeywell's business with the Company.

- A Disputed statutory matters mainly include:
 - a) Provision for disputed statutory matters comprises matters under litigation with Sales Tax and Local authorities.
 - b) The amount of provision made by the Company is based on the estimate made by the Management considering the facts and circumstances of each case.

To the extent the Company is confident that it may have a strong case that portion is disclosed under contingent liabilities.

- c) The timing and the amount of cash flows that will arise from these matters will be determined by the Appellate Authorities only on settlement of these cases.
- B Provision for Estimated Cost to complete on Contracts

A provision for estimated cost to complete on construction contracts is recognized when it is probable that the contract cost will exceed total contract revenue. The provision shall be utilized as and when the contract gets executed.

C Warranty

Provision for warranty is considered based on the rolling average warranty expense incurred in the preceding 12 months, the warranty period for which ranges from 12 months to 24 months from the date of handover of the project.

41 During the period ended March 31, 2015, the Company determined that certain costs had been recorded to incorrect projects and conducted a review to determine the impact of the same. Following conclusion of the review, adjustments have been made in these financial statements to reduce revenue by Rs.5,450 lakhs and profit before tax by Rs.6,729 lakhs. This reduction in profit before tax includes an impact of Rs.1,279 lakhs for provision for future losses for certain projects in accordance with Accounting Standard 7 – Accounting for construction contracts.

Of the above adjustments, amounts of Rs. 4,002 Lakhs, which relate to prior years, have been disclosed as an exceptional item.

The Company is in the process of enhancing internal controls to minimize the risk of such incorrect recording of costs in the future.

Company's Philosophy on the Code of Governance

The revised Corporate Governance Code incorporated in Clause 49 of the Listing Agreement of the Stock Exchanges is applicable to your Company. The Company continues to have Independent Directors on the Board who are actively involved in all the important policy matters. Your Company strives to ensure that it follows the Code of Corporate Governance not only in letter but also in spirit to ensure transparency, accountability and integrity.

Rights of Shareholders

The Company is committed to facilitate the exercise of shareholders rights for voting on all crucial decisions, by making available voting through electronic means. The shareholders are given an opportunity at the general meetings to ask questions to the Board and the same are replied to by the Managing Director. [as per Clause 49(I)(A)1].

Information regarding the general meeting is given to the shareholders in advance and no shareholder has any control disproportionate to their holdings. [as per Clause 49(I)(A)2].

The Company has only one class of equity shares. The shareholders have the right to appoint/re-appoint the Directors on the Board. E-voting will facilitate foreign shareholders to vote. The Company has a framework to avoid Insider trading and abusive self dealing. The Company has adopted the Code of Fair Disclosure Practices for Prevention of Insider Trading and the same has been put up on its website. [as per Clause 49(I)(A)3].

The Company respects the rights of its shareholders and provides effective redressal mechanism for violation of their rights, if any. All information is provided on the website of the Company on a timely and regular basis to enable the shareholders to participate in Corporate Governance process. The Company also encourages employee participation in the Corporate Governance process through a strong whistle blower mechanism and conducts regular trainings to ensure employees are aware of the options available to them. [as per Clause 49(I)(B)1].

The Company follows all disclosure requirements on all material matters [as per Clause 49(I)(C)1] and has a strong Board fully conversant with the requirements of law. The Board fulfils all the key functions as required by it and also does the needful to carry out its other responsibilities. [as per Clause 49(I)(D)1,2&3].

Composition:

The Board comprises of 2 Independent Directors, a Managing Director and 3 Directors nominated by the Promoters, Honeywell International Inc. out of which one is Woman Director. The Company has an Independent Non-Executive Chairman and one-third of the total number of Directors are Independent Directors [as per Clause 49(II)(A)].

Independent Directors

The Company has 2 Independent Directors, whose appointments for the period December 15, 2014 to December 14, 2019 have been approved by the Shareholders by means of a postal ballot. They have given a certificate of Independence to the Company and their appointment letters have been uploaded on the website of the Company.

During the year under review, the two Independent Directors discussed on March 23, 2015, the evaluation of the Board and the Non-Executive Directors. The discussions covered both strategic and operational inputs provided by the Board as well as the quality, content and timeliness of the flow of information between the Management and the Board. [as per Clause 49(II)(B)]

The Company has given suitable training to independent directors to familiarize them with the company, their roles, rights, responsibilities in the company, nature of the industry in which the company operates, business model of the company, etc .[as per Clause 49(II)(B)]

Performance Evaluation

The Board has carried out the annual evaluation of its own performance as well as the Directors individually.

The performance evaluation of the Independent Directors was carried out by the entire Board, as per the criteria laid down by the Nomination And Remuneration Committee. A structured questionnaire was prepared, covering various aspects of the Board's functioning such as the participation in the Board & and its Committee meetings, strategic guidance, risk mitigation, internal controls and governance. [as per Clause 49(II)(B)]

Remuneration of Directors

The Non-Executive Directors (NEDs) are paid remuneration by way of Commission and Sitting Fees. The commission is paid at a rate not exceeding one percent per annum of the net profits of the Company calculated in accordance with the provisions of the Companies Act, 1956/Companies Act, 2013.

A Sitting Fee of Rs. 20,000/- per Board, Audit Committee and Nomination & Remuneration Committee Meeting and Rs. 10,000/- for Stakeholder Relationship Committee Meetings attended by the Non-Executive Directors is paid to them [as per Clause 49(I)(C)].

Committees of the Board:

None of the Directors on the Board is a Member on more than 10 Committees and Chairman of more than 5 Committees [as per Clause 49(II)(D)] across all the companies in which he is a Director. All the Directors have made the requisite disclosures regarding Committee positions occupied by them in other companies.

The Board met five times on the following dates during the period ended March 31 2015 and the gap between two meetings did not exceed four months:

 February 5, 2014
 April 30, 2014
 August 11, 2014
 October 31, 2014
 February 9, 2015

As required by Annexure X to Clause 49 of the Listing Agreement with the Stock Exchanges, all the necessary information was placed before the Board from time to time.

Certificate regarding compliance of conditions of Corporate Governance

То

The Members Honeywell Automation India Limited

We have examined all relevant records of Honeywell Automation India Limited for the purpose of certifying compliance of the conditions of Corporate Governance under Clause 49 of the Listing Agreement with Stock Exchange (s) for the financial year ended 31st March 2015. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of the above certification.

The compliance of conditions of corporate governance is the responsibility of the management. Our examination was carried out in accordance with Guidance Note on Corporate Governance Certificate (as stipulated in clause 49 of the listing agreement) issued by The Institute of Company Secretaries of India, New Delhi and was limited to the procedures and implementation thereof, adopted by the company for ensuring the compliance of the conditions of corporate governance. This certificate is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the company.

On the basis of our examination of the records produced, explanations and information furnished, we certify that the Company has complied with all the mandatory conditions of the said clause 49 of the listing agreement.
