3 Evaluation

[Guidance note – Delete before sending to customer: Ideally no evaluation rights will be granted and customers will sign the full commercial agreement. If they are offered evaluation terms can be customized to offering. We should aim to have the customer sign the full agreement with pricing and long term commitments and if an evaluation is proposed structured it as a trial for a defined period with conditions precedent that if not satisfied give termination rights and prorated refund of money paid less an amount for the evaluation/time used. If alternative evaluation rights are proposed, please amend above and confirm with your legal counsel or the Connected Enterprises GC. Delete the clause if not used.]

You acknowledge and understand your participation in the Program is voluntary and that participation will not change your use or price of the Offering.

5 Term

[Guidance Note – Delete before sending to customer: Note the only customer termination rights should be for our material breach.
